

**CAREER &  
COLLEGE  
PROMISE**

**Alamance  
Community College**

# About Career and College Promise

The Career and College Promise (CCP) program allows qualified high school juniors and seniors in North Carolina the opportunity to pursue college courses (tuition free) while in high school. The CCP program accelerates completion of college certificates, diplomas, and associate degrees that lead to college transfer or provide entry-level job skills. CCP is designed for students who are college ready while in high school and who want to get a head start on college.

## ELIGIBILITY REQUIREMENTS FOR JUNIORS AND SENIORS

**To be eligible for a **College Transfer** pathway, students must:**

- Have a 2.8 or higher unweighted high school GPA **OR** demonstrate college readiness in reading, writing and math on a state-approved assessment test (SAT, PSAT, ACT, Pre-ACT, ACC placement test).
- Maintain at least a college GPA of 2.0 after two college courses for continued eligibility.

**To be eligible for a **Career Technical Education (CTE)** pathway, students must:**

- Have a 2.8 or higher unweighted high school GPA, **OR** demonstrate college readiness in reading, writing and math on a state-approved assessment test (SAT, PSAT, ACT, Pre-ACT, ACC placement test), **OR** have written recommendation from the high school principal/principal's designee. If entering CCP upon principal/designee recommendation, student must meet the prerequisite for any course in the chosen pathway.
- Maintain at least a college GPA of 2.0 after two college courses for continued eligibility.

# Points to Consider

- Whether students are pursuing a Career Technical Education pathway or College Transfer pathway, taking courses during high school will save both time and money on their education.
- For students planning to attend a university, many ACC classes are smaller than university classes, allowing for a more hands-on approach between instructor and student.

## TUITION COSTS—ESTIMATED SAVINGS

Cost of Tuition at ACC		Cost of Tuition at UNCG*	
Year 1			
Fall	6 credit hours	Fall	6 credit hours
Spring	6 credit hours	Spring	6 credit hours
Year 2			
Fall	6 credit hours	Fall	6 credit hours
Spring	6 credit hours	Spring	6 credit hours
24 credit hours	<b>FREE</b>	24 credit hours	<b>\$7,132</b>
*Cost estimates based on 2021FA UNCG main campus undergraduate tuition table. Some textbook and/or program specific costs may apply.			

- Tuition is free. Students may be responsible for purchasing or renting their textbooks/course materials, depending on where they attend high school and where they take the ACC course (high school districts have different policies).
- Textbooks and/or access codes for courses can be expensive. ACC does offer a need-based textbook scholarship. The scholarship deadline is approximately one month before each semester start.
- Students should choose a pathway based on their career interests and/or education plans. A pathway change is possible, but should be minimized, and based solely on a student's career/education goals.
- Students can receive high school and college credit for completed courses that are at least three college credits. Some courses are weighted on the high school transcript and some can replace high school requirements.
- Any College Transfer pathway course and some Career Technical Education pathway courses completed with a grade of "C" or better is guaranteed to transfer to the 16 public universities in North Carolina and also count toward a degree at ACC.
- Students have access to all ACC campus resources and student services such as the Library, Tutoring Center, Writing Center and Math Center at no cost.
- Students are creating a permanent college transcript. They should plan courses carefully to create a manageable course load and reach out early in the semester if they are having trouble.

# College Transfer Pathways

If you would like to further your education and attend a four-year college or university, then a College Transfer Pathway is for you.

The College Transfer curriculum prepares students to transfer credits to a four-year college or university. Students can complete most of the general education courses required of all freshmen and sophomores at four-year institutions through the College Transfer Pathways. Under agreements between the University of North Carolina System and the N.C. Community College System, students completing the following degrees can transfer credits seamlessly from ACC to a university.

General education courses and electives include:

- English • Humanities and Fine Arts • Social and Behavioral Sciences
- Natural Sciences • Mathematics

## COLLEGE PATHWAY OPTIONS

Your intended major will determine which pathway you choose.

- **Associate in Arts (A.A.)**  
for students planning to major in liberal arts, business, history, communication, or psychology
- **Associate in Arts Teacher Preparation (A.A.T.P.)**  
for students interested in becoming K-12 teachers specializing in arts/music, language arts, English, history, humanities, physical education, and social studies
- **Associate in Engineering (A.E.)**  
for students planning to major in all Bachelor of Science in Engineering degree programs
- **Associate in Fine Arts (A.F.A.) Visual Arts**  
for students planning to major in creative arts
- **Associate in Fine Arts (A.F.A.) Music**  
for students planning to major in music disciplines
- **Associate in Science (A.S.)**  
for students planning to major in health related fields, natural sciences, mathematics, computer science
- **Associate in Science Teacher Preparation (A.S.T.P.)**  
for students interested in becoming K-12 teachers specializing in STEM programs—science, technology, engineering and math
- **Associate Degree Nursing (A.D.N.)**  
for students interested in majoring in Nursing at a community college or four year school

# Biotechnology Center of Excellence CTE Pathways

## What makes Biotechnology a good career option?

- In its most recent report, The NC Biotechnology Center notes that Bioscience jobs in the Piedmont Triad rose by 25 percent between 2009 and 2018—from 10,868 jobs to 13,540 jobs.
- In that same report, it was noted that Bioscience jobs in Alamance County grew by 63 percent—from 1,998 jobs in 2009 to 3,249 jobs in 2018.
- Burlington is the global headquarters of LabCorp, one of the world’s largest life science companies and Alamance County’s largest employer. The company specializes in healthcare diagnostics, and employs 70,000 people worldwide to process tests on more than 3 million specimens each week.

### BIOTECHNOLOGY

Trains students to work as technicians in bio-manufacturing, pharmaceutical production and research facilities. Students learn cell/tissue culturing, genetic engineering techniques, biomanufacturing/bio-processing, molecular based diagnostics, and immunological assays.

### SALARY SNAPSHOT OF SELECTED BIOTECHNOLOGY CAREERS

from the 2019 N.C. Department of Commerce Occupational Employment Statistics Report

SALARY SNAPSHOT	STATEWIDE	TRIAD	TRIANGLE
Bio Technician	\$45,094	N/A	\$46,051
Agriculture & Food Technician	\$44,158	N/A	\$38,022
Chemical Technician	\$51,667	\$57,200	\$50,482
Enviro Technician	\$44,012	\$42,370	\$51,688
Forensic Technician	\$48,152	\$47,570	\$52,374
Medical Laboratory Technician	\$51,584	\$47,965	\$55,702

\*Salary.com data as of January 25, 2021

Dept. Head Michelle Sabaoun: 336-506-4224, Michelle.Sabaoun@alamancecc.edu

### AGRICULTURAL BIOTECHNOLOGY

This new curriculum combines key elements from our Horticulture Technology and Biotechnology programs, providing marketable skills to meet the workforce needs of local and global agricultural biotechnology companies such as Eurofins Scientific, Syngenta, BASF, and others.

Dept. Head Dr. Liz Riley: 336-506-4192, Elizabeth.Riley@alamancecc.edu

# Career Technical Education (CTE) Pathways

## Why take CTE courses at ACC?

Here are a few reasons why CTE courses at ACC are a good choice:

- For some students, career goals can be easily met by the courses found at a community college, including many technical fields that larger universities do not offer.
- If a student is undecided about a career, community college programs can offer a sneak peek into a certain career or field of study. Maybe it's a good fit and maybe it isn't. Either way, students earn college credit and you haven't wasted any tuition money if they take courses through CCP.
